VENUES WANTED

You bring the place and the device. We make the emaki, free.

Provided free of charge	Provided by the venue
License to use Emaki Frame	Space and power
3 standard emaki (Japanese / English)	A device that runs a browser (e.g. Android)
A custom emaki for your venue	A display (large recommended)
Setup for permanent use	Internet is optional
Content updates (remote / file swap)	Daily care, first-line troubleshooting
	Content review, rights clearance of materials

Example | Library

Put “our town’s timeline” at the local-history corner, and lead visitors from an event to the related shelf.

Example | Tourism

At information desks and stations, tell the story of the area, in English too. Take it home by link and start exploring.

Rights: The frame belongs to youside.me; custom content made for your venue belongs to the venue.
In return: A copyright notice and a youside.me QR link always shown in the footer, plus a listing as an installation example.
